Hawthorne, NJ – April 7, 2014 – for NAB2014

Frezzi EyLight™– Professional Grade Camera Light with Self-Contained Quick-Swap Rechargeable Battery Pack at NAB 2014 Frezzi Booth C7122

“All-in-one-design” Hybrid camera light accepts tungsten and LED lamps

Frezzi redefines camera lighting with the compact EyLight, the world's first professional camera light with an internal quick-swap rechargeable battery that delivers sustainable power to traditional tungsten and LED lamps in a compact “all-in-one design”. Built on the industry standard Frezzi Mini-Fill's form factor, it's ideal for handheld cameras that have no way to power a professional light. Finally, a professional quality camera light for any format camera all without cables or cords.

Features

- Self contained battery “all-in-one design” no cables
- Works with all cameras, ENG, Handheld cameras and DSLR
- Rechargeable Quick-Swap Battery Pack with Advanced Energy Gauge
- High-Output – 5X Output of typical LED camera lights
- Rugged all aluminum construction and weatherproof
- Long run time 2+ hrs on a single battery
- Compact low profile space saving design
- Save hundreds of dollars/per year on throw away “AA” batteries
- Long lasting Frezzi professional ENG/EFP workhorse
- Professional accessories – accepts Mini-Fill accessories
- Advanced dimmer control without color shift and independent ON/OFF Switch
- Hybrid design - Accepts standard tungsten or LED lamps
- Future-proof design with interchangeable lamps
- Accepts Mini-Fill accessories – Dichroic Filter, Barndoor diffusers, Softboxes
- Single Shadow with uniform and smooth light distribution
- Available with quick swap 5000K, 3200K LED or 20W Tungsten lamp
- Light Output - 100 ft-cd @ 5 feet 40 degrees (with LED75 lamp)
- Lamp Life - 50K Hours (with LED75 lamp)
- Camera Mount - Cold shoe and ¼-20 stud
- Tilt Angle - +90/-45 degrees with lock
- Size - 2” x 5 x 4 3/4” with battery pack
- Weight – 15 oz. with battery pack

With this latest achievement in camera lighting technology, cameramen finally have professional high output self-powered lighting for all format cameras independent of their power source.
