

Professional Lithium-Ion Camera Batteries

The NEW FB Series Batteries are completely redesigned and have new many new features professionals need. Housed in a new impact resistant same sized case for both the FB-100 & FB-240 that is smaller, stronger & serviceable

The FB-100 is for the professional that requires a lightweight and transportable battery offering maximum capacity. It is the maximum allowable sized Lithium Ion battery permitted to carry on an aircraft.

The FB-240 is the World's Most Powerful Lithium Ion camera battery in a compact case for the utmost maximum run time available.

100WH and 240WH

Maximum Permitted to Fly

World's Most Powerful

Two popular capacities for both Safe Travel and Maximum Run Time

Impact Case / Serviceable

New impact resistant case protects battery from drops in the field and is serviceable.

Anton Mount

V-Mount

- **FB-100** Maximum Permitted to Fly
- **FB-240** Most Powerful & Longest Run Time
- PT Connector with Protective Cover
- USB Port with Protective Cover
- Impact Resistant Case
- Replaceable / Serviceable Case
- Over-Discharge/Charge/Current Protection
- Can charge thru PT port with travel charger
- Advanced LED meter with sleep mode
- Compact 6.40" x 4.20" x 2.16"

Power Tap Port

Energy Gage

Power Tap

Energy Gage Meter with Push to Test Button and Power Tap connect with protective cover.

USB Port

Integrated USB Port with protective cover for charging or powering any USB device.

Model	Item	Description
FB-100	93906	100 WH AB Mount 1.9 LBS
FB-100V	93905	100 WH V-Mount 1.9 LBS
FB-240	93914	240 WH AB Mount 2.75 LBS
FB-240V	93915	240 WH V-Mount 2.75 LBS

Professional Lithium-Ion Chargers

FLC-4AP Quad Fast Simultaneous Li-Ion Battery Charger with Power Supply
 Advanced 4-channel base station fast charger and 65W power supply for all Frezzi Lithium batteries featuring an intelligent LEDs that display charge status of each battery. All batteries charge simultaneously. It has a universal AC input for worldwide operation and is available in A/B and V-Mount format. It can accept batteries some from other manufacturers, check for compatibility. 10 Foot XLR-4 Power Supply Cable Included.

Weight 6 lbs and 5.6 x 6.5 x 11"

Item No.	Model No.	Description
93945	FLC-4AP	Quad Li-Ion Charger for A/B mount
93946	FLC-4VP	Quad Li-Ion Charger for V-Mount

FLC-2 Dual Chargers is a two channel simultaneous charger with 50W Power supply that can be used while charging. The Charger / Power Supply comes with (2) AB type mounting plates and can charge all Frezzi Lithium-Ion batteries. Frezzi's FLC-2V Dual channel charger comes with (2) V-Lock mounting plates, and can charge all Frezzi V-Mount Lithium-Ion batteries as well as Sony or IDX V-Lock style Lithium-Ion batteries. Both the FLC-2 and FLC-2V indicate level of charge status with LED indicators on each channel.

FLC-PT Single Charger is an economical and compact travel charger that can charge all Frezzi FB series batteries via a Power Tap. Weighing in at just 8oz. All FLC model chargers have auto AC voltage select for worldwide operation.

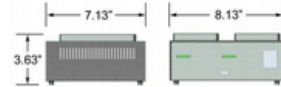

- Dual Chargers offer simultaneous charging
- 50W power supply can be used while charging (XLR-4 Connector)
- Single channel is smallest & lightest weight charger available in the world
- Feature rich, low cost
- CE & UL Approved
- Auto Voltage Select for worldwide operation.

FLC-1 Compact Travel Charger for all FLB-Series

FLC-2 Dual Lithium Charger for AB

FLC-2V, FLC-2

FLC-1

Item No.	Model No.	Description
93920	FLC-2	Dual Simultaneous A/B Mount
93921	FLC-2V	Dual Simultaneous V-Mount
93922	FLC-1	Single Travel Charger FLB Batteries 2.1mm Conn.
93950	FLC-PT	Single Travel Charger FL Batteries PT Connector

Professional Lithium-Ion Power Packages

Frezzi's New Lithium-Ion Camera Power Packages come complete with (2) Lithium-Ion Batteries and (1) Dual Channel Simultaneous Battery Charger with 50W Power Supply. The Power packages are available with your choice of 100WH or 240WH batteries, all have advanced LED meter with sleep mode and connect directly to any camera with either an Anton/Bauer® or V-Lock battery bracket. The Power packages also include an advanced Dual channel simultaneous battery charger with 50W power supply that can be used while charging.

100WH Power Packages

AB Mount Package			Model LP-1	Item No. 93930
Item	Model	Qty	Description	
93904	FB-100	2	14.8V 100WH Lithium-Ion Batteries with advanced meter, each weighs only 1.9 lbs and can run a camera drawing 25W for 4 hours	
93920	FLC-2	1	Dual simultaneous Lithium charger with 50W power supply you can use while charging both of batteries	
V-Mount Package			Model No. LP-1V	Item No. 93933

240WH Power Packages

AB Mount Package			Model LP-3	Item No. 93932
Item	Model	Qty	Description	
93914	FB-240	2	14.8V 240WH Lithium-Ion Batteries with advanced meter, each weighs only 3.1 lbs and can run a camera drawing 25W for 8 hours	
93920	FLC-2	1	Dual simultaneous Lithium charger with 50W power supply you can use while charging both batteries	
V-Mount Package			Model No. LP-3V	Item No. 93935
