

PROFESSIONAL LED LIGHT KIT FOR DJI OSMO POCKET 3

Bring Your Content to Life

Say goodbye to grainy, low-light footage and hello to vibrant, high-quality video. The Frezzi Pocket Light Kit is the perfect companion for DJI Osmo Pocket 3 users, designed to bring your content to life. Whether you're a content creator, vlogger, or professional videographer, this kit provides powerful lighting tailored to maximize the OSMO's performance for exception color and detail.

The most flexible system anywhere, allowing you to quickly adjust to any lighting condition. The Pocket Light has precise full-range control of color and intensity.

The propriety quick release magnetic-mount allows instantaneous setup, break down and mode change without tools.
